

# GET TO KNOW EMIR SENSINI

Emir Sensini was born on April 6th in the city of Rosario, Santa Fe province (Argentina) to Oscar Jesús and Marycarmen Sensini and became brother to four other children, Judith, David, Natanael and Eloy. He began singing in the local church at the very early age of four. In the coming years he would become highly successful in his day-to-day life, completing his studies and playing soccer for the "Rosario Central" team and making it into the fourth division of the AFA (Argentine Football Association). Upon reaching the age of 18, he had to take one of the most important decisions of his life, leaving everything behind to dedicate himself full-time to his life's purpose.

With a deep passion for music and singing, Emir composed his first songs, with all his heart, voice and energy, so that he could reach his greatest dream. In 2002, he released his first production, "Déjate Llevar", which gave him the chance to find his way into the hearts of teens and youth in a number of countries.

In 2005 he achieved his goal of recording a beautiful disc entitled "Valórate", where an important part of his personal experience can be heard. The disc made its way into thousands of homes, hearths and hearts and into nations such as Spain, Venezuela, Colombia, Mexico, Bolivia, Ecuador and the United States. Emir has left his unforgettable mark in each of these places, with all the emotion found in each song that this outstanding artist creates. Today, Emir lives in the United States with his wife, Soledad, where he is projecting his career into all of Latin America and the United States, promoting his most recent production entitled "Hoy me rindo a Ti". This work includes three video clips which were recorded live in his city of birth.

Emir has made his way into singing in the schools of the United States from the hand of Justo Lamas Group. The new tour will be launched in the 2015-2016 school year and will be known as "Valórate!" It will be a wholly new production, with songs sure to move the youth of the United States. Today, Emir is working together with Justo Lamas on the tour's production.
